VOL. 38 BARIUM SPRINGS, N. C., FEBRUARY 1961 No. 2

# Howard Cottage To Be Rebuilt

## Salisbury Firm Submits Low Bid

Howard cottage will be replaced in the year 1961 by a new building, which will continue to bear the original name of Howard Cottage. In the early days of the history of Barium Springs this building was erected and named Howard cottage in memory of Mrs. Anna Stamps Howard. For more than sixty years little girls of Junior age have lived here and made it their home. Erected originally with the plan of sleeping porches and congregate dressing rooms, it afforded space for two dozen children. In the recent years it has become the home for a group of girls of all ages, the same as the other cottages on the campus.

The new building will be one story, fire proof in the same type of the two newest buildings on the campus. It will be built with the family dining room, living room and play area in the center with rooms for eight children at each end of the building, making room for sixteen in all. There will, also, be the housemother's quarters and the guest room. This new type building will replace the multi-story buildings that have been used in the past.

The new cottage is built with the idea that it could be self-contained and could serve meals in the cottage if and when that were necessary. Also, it is possible to be used for boys to live in one end of the building and girls in the other if and when such a plan is feasible or desirable. However, at the present, it will continue to be used for girls only and the central dining room will remain in force on campus.

The girls who have been occupying this building and have now had to move seem to find this becoming a regular routine. At the time of the tearing down another cottage and replacing it many of these same children moved out into another building and named themselves the "Bee Tree." Now they are moving out of old Howard Cottage while it is being torn down and are living in cramped quarters, which is called the "Squirrel's Nest." The stay in the "Squirrel's Nest" will be for six months duration and they will be returning to the new cottage for their own. The architects sketch has been pasted up on the wall in the hall of the old quarters to keep the courage and hope high for the entering of the new building when it is finished in late summer.

J. N. Pease and Company of Charlotte, the architects for the two latest cottages on the campus, are, also, the architects for this building. The contract was awarded to the low bidder of L. S. Bradshaw and Sons in Salisbury, North Carolina. This new building should certainly bear a Presbyterian influence because it is being erected on the Presbyterian campus, designed by a Presbyterian architect and constructed by a Presbyterian contractor.

# Father And Son Banquet Served During Scout Week

The big dining room became alive with scouts and scouters during the scout week. Four hundred places were set and the Piedmont Council of Iredell County observed the annual Scout Banquet at Barium Springs.

The crews of the kitchen and dining room were all set in their best bib and tucker and the fine family meal ready for the evening's entertainment. Barbecue, beans, buns, potatoes, slaw, milk, coffee, ice cream and cake were bountifully served and abundantly consumed. This annual affair is one of the community services that the

(Continued on Page 2)

## Alumni News

The following College students spent a few days at Barium after their mid-term examinations: Tom Finley, Melvin McKenzie and Mac McClure from Davidson, Jim Blake from Eastern Carolina, Graham Blake and Jim Kiser from Lees-McRae.

Mary Ann McCormick (Mrs. B. A. Cox, Jr.) wrote an interesting letter giving news of her family in Dade City, Florida. She has suggested that the members of her Class get together at this Homecoming. Mary Ann had a son, Michael age 12, Judy age 10 and Eddie 7½. Mike has had four years perfect attendance at Sunday School Class and she and her husband are Sponsors for the Young Peoples Group.

Curtis Baldwin and his family are living in Marion. Curtis participated in the program of the last men's meeting at the First Presbyterian Church and talked about Barium. He and his family are members of the First Church.

Dorothy Weeks Waters and Virginia Weeks planned a covered dish supper for the Barium Alumni that they knew of in that area. This was held in the Cape Fear Presbyterian Fellowship Hall, and their Minister had the Devotionals. The plans are to have another one in two months. Those attending the meeting were Annie Inman Arnold and her husband, J. A. Priest, Helen Hawley Bennett and her family, Bob Adams and his family from Ocean Drive, S. C. Geneva Player Batson, Bertha Pritchard Meier, Linda Culp Buie and her family, Jane Lyons McCorkel, her husband and boys, Juanita Hardin Collins, Ed Williamson and his wife, Jack

## Cottage News

### RUMPLE HALL COTTAGE

Hi folks,

Here we are again with our little tidbits of news. Everyone enjoyed the snow, or, shall I say sleet? The main occupation of the past week has been sledding, sledding and more sledding. One of our girls, Sue Bush, has about had her fill of it, though. I guess I would too, though, if I had gone crashing through several thorn bushes, over a five foot bank and into the water. Ask Sue about that.

Our ballgame with East Rowan was postponed, because of weather conditions, so, that proves that the snow doesn't have all the advantages. We would have won anyway, or, would we?

We have two girls who have birthdays this month. Joyce Ann Hughes will be fifteen and Sue Bush will be sweet sixteen.

Well, that's all the news for this month, so, I'll sign off for now.

Linda Sue and
The Rumple Hall Girls

### HOWARD COTTAGE

Hi there!

Well, here we are in our new cottage, but, it is really not too new. (About sixty or seventy years old). We sure are looking forward to getting in the new one when it is finished.

We only had one birthday this month in our cottage. Cathy Smith, who was nine.

We sure are looking forward to Valentine's Day. In some of our grades in school we have already planned for a school party. We always enjoy parties.

(Continued on Page 2)

## Hollingsworth Leads Houseparents In Study

During the week of January 30 through February 3, Mr. Hansel Hollingsworth directed the in-service training program of the Home. Mr. Hollingsworth has come to North Carolina to be the associate director of the Child Care Project of the Southeastern Child Care Association. This project is directed jointly by the University of North Carolina and the Southeastern Child Care Association and has been in process for four years. Formerly, Mr. A. M. Broten was the Associate Director. Mr. Broten having resigned to take work in Chicago was replaced by Mr. Hollingsworth at the first of the calendar year.

The houseparents expressed great delight and satisfaction in their week's study together with Mr. Hollingsworth and feel that the program continues in capable hands.

## New Member Joins The Staff

The opening days of February brought to the campus a new member to the houseparents staff. Mrs. W. M. Hollifield, a nearby neighbor from Troutman, took up the roll of relief housemother. She will live in Rumple Hall with the other relief housemothers and will perfom her services in the boys' cottages at the south end of the campus. She is succeeding Mrs. Ida Helms who had requested to be relieved from her duties.

## The Sled Is The Thing

Some years ago, a lovely lady insisted on sending to Barium Springs enough sleds for every cottage to have one. There was no snow in sight then nor had there been enough in many winters preceding to warrant the purchase of sleds. However, there seemed some intuition in the mind of this person and she sent these brand new lovely sleds. Soon thereafter winter set in in a big way and the sleds were all put in action. Last winter and, again, this winter they have seen many occasions of delightful use. We may even have to recap half of our pasture hill because we have worn it down so in sliding. Also, there will have to be some repair done on the barbed wire fence because one of the college boys demonstrated a special turn and landed in the barbed wire fence and subsequently in the Infirmary. This gift of sleds has brought great activity and pleasure during these icy, snowy winter months.

## Annual Physical Check-ups Held

Following the custom of long standing the annual physical check-ups were scheduled again this year. Dr. W. T. MacLauchlin from Newton and Dr. John Lafferty from Hickory spent the day on the campus and reviewed the general health of every child in the physical check-up. The records of previous years were reviewed, the height and weight gained was noted and the new records were entered.

In conference after the work was over, Drs. MacLauchlin and Lafferty stated that the children were in excellent health and had only a few minor suggestions to be carried out for a limited number of children. It is a deep source of satisfaction to have such a review made by competent doctors and to have a satisfactory report turned in by each of them.

## HELP WANTED

The Messenger needs the help of all who receive it in keeping the mailing list up to date. When an address is changed, please notify the Office that the correction may be made in order that the Messenger may continue to reach the person who desires it.

# UNDER THE STEEPLE

By Rev. Hugh B. Carter, Jr.

If it were not for the Annual Statistical Report which has to be filed with the Clerk of Presbytery at the beginning of each year, we pastors would probably never get our Church Roll in proper order. I was never too good at accounting, and when it comes to keeping books on Church members without "doctoring" the figures, I have a pretty hard time. The whole thing would be easy if we didn't have to reconcile our figures with the facts. Starting with the number reported a year ago, we add the number received during the year on profession of faith. Then we add the number received by certificate, or by reaffirmation of faith. Then, if any members have risen from the dead file that we politely call "The Retired Roll," we can add them, and the resulting sum is "Total Communicants on Roll during the year."

Let me interrupt this bookkeeping procedure long enough to comment on "Retired Roll Members." The BOOK OF CHURCH ORDER, (Par. 304) says, "The name of any member whose residence has been unknown for two years to the Session, or who for two years has not attended its services, contributed to its financial support, or otherwise manifested an interest in the church may, after diligent effort to locate and re-enlist said member has failed, be retired by the Session to a separate roll for retired members. The names on this roll shall not be reported to the Presbytery in the annual statistical report as a part of the total membership of the church." A retired member is "restored" by the Session when said member resumes his attendance upon the ordinances of the church. The testimony of most pastors would probably indicate that the restoration of retired members is a rare privilege.

It is hoped that no reader of these lines has cause to wonder if he has been quietly put away by the Session because of failure to respond to overtures and invitations made by the pastor and his flock. It is as fervently hoped that no lost sheep has been forgotten or neglected by the under-shepherd and the sheep within the fold, so that overtures and invitations have not been proffered! In any case, it is a said affair when members who, once upon a time, stood before the congregation and took solemn vows "to live as becometh a follower of Christ" have gotten so lost from the work and worship of the Lord's Church, that they are no longer counted among the living. It has been my experience to discover that it is easier to win new converts than to re-enlist those who have retired.

Back to the ecclesiastical bookkeeping: From the sum total of communicants on roll during the calendar year, deductions are made on the basis of 1) Certificates of transfer granted to members who move to other churches, 2) Transfer of members to the "Retired Roll," as described above, and 3) Transfer of Members to the Church Triumphant. The sum of these deductions is taken from the total communicants on roll during the year, and the resulting figure equals the net communicants on roll as of a given December 31. This is the answer. But if, when the pastor counts his flock, calling each by name and address, he gets another "answer" there is evidence that his arithmetic is faulty or that he doesn't know his sheep's whereabouts! So the search is begun and continues until the facts and the figures coincide. Good discipline for the pastor, but how many of us would engage in such exercise if not required to do so by the Presbytery.

Our report for the year ending December 31, 1960 shows 224 as the number reported last year; 24 added on profession of faith, 5 added on certificate, none restored from the retired roll: a total of 253 communicants during the year. From this number we deducted 30, 19 of whom took their places in the limbo of the retired; 10 of whom were dismissed at their own request to other churches; and one of whom joined the great cloud of witnesses. Total reported on roll Dec. 31: 223.

Our 223 members are in five groups, the largest of which contains 95 children in residence at Barium Springs. There are 74 in the next group, composed of adult members of the Barium Family and surrounding community; 26 of our members are students in schools or colleges away from Little Joe's Church; 19 are in Military Service; and there are 10 non-resident members, most of whom are present for worship at least once during the course of a year.

In the financial column of our statistical report, the Treasurer listed total benevolences at $3,196 and Current Expenses at $6,965 for the year, making the grand total of all contributions stand at $10,161, an all time record for the congregation.

Enough of facts and figures! God is surely concerned more with souls than with statistics. Let me share a verse of Scripture and the prayer prompted by it: "The fruit of the Spirit is . . . self-control." "Lord, make us masters of ourselves, that we may be servants of others: in the name of our Servant Lord. Amen."

## Work On Swimming Pool Progresses

In the midst of the snow, little thought has been given to swimming, but the coming of the warm sunshine makes us know that there will be time for the 'ole swimming hole' before long. Gilbert Engineering Company of Statesville, having begun the pool in the fall, now has it formed and ready for the landscaping, pouring of the deck, and the erection of the fence around the pool. The filtering equipment is on the way and will be installed in the filter house located to the west side of the pool. Thus, one of the long cherished dreams of the campus, will be reaching full fruition around the first of May, and the heart of the summer recreational program will be the enjoyment in the swimming pool.

This pool was designed by R. D. Tillson and Associates, Inc., of High Point, North Carolina, for the special purposes of the Home. It will have a shallow wading area at a wide end of the pool where the little folks can have their fun, a large play area for those who want to play and swim, and a diving well at the north end. This will be equipped with one meter board and the three meter board with 11-foot water under the high board. The boys and girls can hardly wait to see this completed and to have a day of dedication and a summer of swimming.

## Scout Troop Reorganizes

February brings to a close the year of experimenting with the scout troop at Barium Springs and gives reason to believe that an additional year will be of great value to the boys of the Home. While Barium has done scouting off and on for many years, it had been without a troop on campus for several years immediately prior to this experiment. The need for scouting was being met by having the boys of the Home join in the various troops in the community. This gave opportunity for additional community contact. However, when the school was removed from the campus and the community interests were enlarged and the contacts more varied, it was decided to bring scouting back to the campus.

Under the leadership of Mr. Frank Barrier, the scoutmaster from Statesville, and the local troop committee, the work has shown signs of progress. A group of men have consented to be members of the troop committee. Mr. Barrier will continue as scoutmaster and the other helpers will again render the service that they offered last year; thus, it is anticipated that 1961 will be a good year in scouting for the boys of the Home. It is quite an interesting sight to see the troop of more than two dozen boys in full uniform file in for the Sunday morning church service on Scout Sunday.

## FATHER AND SON BANQUET SERVED DURING SCOUT WEEK

(Continued from page 1)

Home offers to the county in which it is so happily situated.

The initials of the Boy Scouts of America stand for the objectives of the organization, Rep. Hugh Q. Alexander, representative from the Ninth Congressional District, told 426 scouts, fathers, and scout leaders as he spoke at the annual father-son banquet in the Barium Springs cafeteria.

The Kannapolis man who represents this district arrived only moments before the banquet began.

"Build, serve, and achieve," he told the gathering. These are the things which help strengthen America through character building, he said.

"In order to do this, we must build better by influencing boys toward good character and physical fitness; we must serve the cause of democracy by training boys for citizenship; and we must achieve by making the goal of American boys that they are able to do things for themselves and for others," he said.

Alexander repeated these three words, "Build, serve, and achieve," frequently during the talk. This gives preparation for many things, he continued.

and Virginia Cranfill Weeks and their two girls and Dottie Waters and her family.

Lillian Wicker (Mrs. R. R. Seymour and her family are living at Coral Gables, Fla. She has a boy 16 and a girl 13. Her husband is Flight Director for Eastern Air Lines.

Edna Scoggins who is Mrs. W. L. Worthman visited Barium recently. She is living at Harpers Ferry, West Virginia.

David Morrison was married to Miss Margaret Duncan in Statesville on January 21st. They are living in Statesville.

Beverly McClure, student at School of Nursing at Chapel Hill, spent the week-end at Barium.

Martha Boyce and her husband, Dr. M. G. Beal have changed addresses recently to 2535 S. E. Vineyard Way, Milwaukie, Oregon.

Douglas Byrd is now stationed at Guesser, Germany.

## COTTAGE NEWS

(Continued from page 1)

Boy! we certainly are glad our exams are over. We enjoyed the little snow that we had. We always enjoy getting on our sleds and going down the hills; but, we don't usually end up on them at the bottom.

Until next time this is the Howard girls saying so long.

By Mary Tyndall

## SOUTH COTTAGE

This has been an exciting week for all the boys and girls at Barium Springs. We got out of school because a sleet storm came Wednesday night. A lot of us went sledding Thursday morning and afternoon. Then Friday came work day. The farm and orchard boys combined and cleaned off walks. Not a one of us thought it to be hard work.

We had two boys in our cottage to get scout honors. Ronnie Nicholson went up for tenderfoot and Wilson Bush for first class. We are very proud of both of them.

Tommy Bush and Ronnie Nicholson had birthdays in January.

# Troutman Trips West Rowan

By JERRY JOSEY

Record & Landmark Sports Editor

Forward Jim McAbee and Center Danny Loftin came through when the chips were down last night, pulling Troutman's Bobcats out of their tailspin in the North Piedmont Conference in a 71-52 skirmish over West Rowan's Falcons.

And it couldn't have happened at a better time. Monroe knocked off East Rowan's Mustangs last night, pinning the first defeat on East in the NPC, to put both clubs into a tie for first with Troutman now moving a slim half-game behind both front-runners. East Rowan and Monroe now hold 7-1 records; Troutman is 6-2.

Coach Mary Ruth Godfrey didn't have anything at all to cheer her in the opener as Troutman was outclassed all the way in a 58-39 loss. The win ran West Rowan's loop record to 7-1 to keep them on the heels of Children's Home, a club they tackle Thursday night at Winston-Salem.

It was, in a final analysis, a fouling and foulshooting encounter. Officials Murray Osborne and Don Embler called 56 fouls in the tussle —30 on West and 26 on Troutman.

And, it was the loss on fouls of four of their five starters and one reserve that killed West's hopes, while Troutman's chances hung on a slim thread in the fourth period. They had lost top reserve Braxton Bridgers on fouls in the third period and all five starters had four personals, with Wayne Rogers the only one failing to go the distance —he fouled out with six seconds left.

West lost starters Billy Hall and Bill Scoggins in the third period and starters Gary McNeely and Benny Robbins in the final quarter, with reserve Ed Graham also fouling out in the final stanza.

Neither team was able to make the grade at the foul line. It was from the floor that Troutman picked up their margin, sinking 26 to 50 field goals, while West Rowan counted only 16 of 57 attempts. At the foul circle, Troutman dropped 19 of 41 and West connected on 20 of 37.

Troutman led all the way, but that doesn't reveal the type of game. It was a spree by McAbee, Loftin, Wayne Rogers, and Chris Smith that moved from a 2-1 to a 11-1 margin in the first four minutes. Troutman gained a 38-24 margin at halftime.

But the Bobcats almost blew their margin in the final half. Only four field goals were counted during 22 points scored in the third period as it became a foul-shooting contest.

Troutman carried a 45-39 lead into the final eight minutes and West Rowan rallied behind Loy Sigmon's two quick goals to slice Troutman's edge to 50-47 with 5:40 left.

McAbee drove with five minutes left for a basket, tossed in a one-hander with 4:08 showing and Loftin dropped in two foul tosses —the first of eight in succession at the foul line—for a 56-47 margin to give the Bobcats a little breathing space.

West cut it again to 56-49 in their final surge. With 2:50 showing, McAbee drove and jumped, taking out the bottom of the nets, Loftin dropped in four straight at the foul line, then drove for a basket for a 64-49 margin with 1:22 showing and it was all over. A Loftin three-pointer, Wayne Rogers' steal and layup and two Rogers foul shots with 19 seconds left gave Troutman a 71-51 margin before Billy Howell's foul toss made it the final 71-52 tally.

Loftin had his best night this season in a 30-point effort in 10 of 21 field goals and 10 to 15 at the foul line. His top efforts prior to last night were 28 against North Rowan and 25 at Monroe. Wayne Rogers had 15 and Jim McAbee hit 14. Gary McNeely led West with 20, while Loy Sigmon added 16.

Troutman's girls were pushed down quickly in the first period by West Rowan's Lou Kluttz. Bobcat guard Ginger Kiser picked up three fouls in the first minute and 20 seconds and Troutman was in trouble quickly. West had an 11-6 margin when Kluttz cut loose with her bombardment.

While Troutman went scoreless for four minutes, Kluttz elevated West into a 21-6 lead. West started subbing in the second period the rest of the way, with Troutman able to cut it down in the fourth period against West subs.

West Rowan held a 58-27 margin with 3:40 left. Jackie Taylor and Pat Ross got hot and cut it down to the final 58-39 tally from that point.

Troutman hit on 15 of 62 field goals and only nine of 31 foul tosses, while West counted 21 of 47 goals and 16 of 27 foul shots. Taylor had 19 for Troutman, with Ross adding 16. Kluttz dropped 20 and Mildred Safrit had 13 for West Rowan.

## Stitching Up A Storm

The sewing room sounds like a beehive in mid-summer. The machines are humming and the scissors are snipping and the buttons are really growing on the dresses. This is the time of year when Mrs. Fox and Mrs. Nance and the children get all excited about spring dresses.

New dresses are not just made; they are created. The child from a cottage visits the sewing room and there spends time looking through the magazines; such as, *Simplicity, Seventeen, Modern Miss, Spiegels, Sears, Glamour, Vogue,* and others, to find the type of dress that she is particularly interested in. If none of the pictures seem to appeal to the child, the sewing room supervisor will take the various parts of different dresses and put them together in such a fashion that they come out as an improvement on what the artist had designed in the book. While there is a limitation in the choice of materials, there is sufficient variety to add color and charm to the dresses that girls choose for themselves and wear with great pleasure. Last year, the girls of one cottage were so thrilled with their new outfits that they put on a fashion show and invited the community in to their cottage one evening for their display of lovely clothes.

When it comes to work of art, there is no work that surpasses that in the sewing room of Barium Springs. An interested personal touch with an exceptional skill blends in the efforts of producing something more than just a dress. It is a dress for a particular child where the child and the creators have been working together to cause the eyes to dance and the child to be pretty. For instance, two members of the staff walked into the sewing room the other day and saw this new dress hanging on the wall and immediately said, "That must be for Diane." And, sure enough, it was for Diane, and they had had no word before that the child had even been to the sewing room.
